The TLS is a compact and robust wall fixture. Deep recessed light source controls glare. All components are precision CNC machined from solid billet materials. Surface finish is brushed for natural materials. Fixture mounts to standard electrical box with 3.5 inch hole spacing. Fixture orientation is secured by locking set-screw located on fixture stem. Suitable for wet/dry applications. Simple design can be scaled to fit specific applications.

The TLS uses GU5.3 lamp holder accepting CR16 LED Lamp or standard MR16 lamp.
